

**Marcell Kiss, Software Engineer**

**Location:** Hamburg, Germany

**Email:** [kissmarcell88@gmail.com](mailto:kissmarcell88@gmail.com)

**Mobile:** +49 1573 1970769

**Website:** [www.trendeliver.com](http://www.trendeliver.com)

I learn fast and I am opened for every new information. I have very good problem solving skills and I like unique and extremely interesting things. I am an opened, friendly and cooperative person, always looking for challenges.

## PROFESSIONAL EXPERIENCE

- June 2013 -**
  - WEB Developer**
  - freenet Group**  
Hamburg, Germany
  - I'm working for one of Germany's biggest dating sites at this time. I'm mostly on the backend (keywords: Linux, PHP, MySQL), optimizing existing functions and developing new ones. Also analysing, implementing and testing new technologies. Work is going according to Scrum.
  - Meanwhile, in my free time, I'm also working on my hobby projects: [youtubeplaylist-mp3.com](http://youtubeplaylist-mp3.com) and [youtubewall.com](http://youtubewall.com)  
Tech stack: Kohana 3.3.0, Symfony 2, Doctrine 2, NodeJS, Backbone, jQuery, Twitter Bootstrap, LESS, etc.
- August 2012 - June 2013 (11 months)**
  - PHP Developer**
  - Brozie Kft.**  
Budapest, Hungary
  - Brozie was a startup project (building a new communication platform) supported by one of Hungary's biggest IT company (Docler Holding).
  - As a PHP developer I was the responsible person for the business part (business logic, payment system, etc. - [my.brozie.com](http://my.brozie.com)) and also for the administration system (statistics, CRM, etc. - [admin.brozie.com](http://admin.brozie.com)). Beside developing the backend, I was also working on the client-side. I found my job really challenging, it was a great opportunity to try out and learn new things.
- February 2012 - August 2012 (7 months)**
  - Software Developer and Project Manager**
  - Self Employed**  
Budapest, Hungary
  - Development and Project Management of web and mobile (iOS, android) applications
- January 2011 - January 2012 (1 year 1 month)**
  - Java Developer**
  - Ramasoft Zrt.**  
Budapest, Hungary
  - At Ramasoft I took part in the development of a portfolio management system, which was built on Java EE (Tomcat server), using complex data-structures (MySQL, MSSQL, Oracle SQL) and great client-side technics. I found the work really interesting, because my programming knowledge could met my interest in financial area perfectly.
- February 2009 - June 2010 (1 year 5 month)**
  - Software Engineer**
  - Hewlett-Packard**  
Budapest, Hungary
  - I worked here on my Project Laboratory Research - using ABAP and WebDynpro.
- September 2008 - February 2009 (6 month)**
  - English Interpreter**
  - Filtrona Filters**  
Budapest, Hungary
  - Interpretation of foreign trainers for employees.
- January 2007 - March 2008 (1 year 3 month)**
  - WEB Developer**
  - Gaia Kft.**  
Budapest, Hungary
  - Development of a video technology subtitle's e-commerce system.

## EDUCATIONAL BACKGROUND

**Master of Science, Business Informatics**  
Specialization: Service Sciences Management and Engineering  
Thesis topic: Flexible portfolio management (Java)  
Activities and Societies: Computer Graphics lecturer
- 2007 - 2010 ● **Budapest University of Technology and Economics**  
**Bachelor of Science, IT Engineering**  
Specialization: Enterprise Information Systems  
Thesis topic: Performance test and master data synchronization of a financial system  
Activities and Societies: University Judo Team member

## LANGUAGES

- Native ● **Hungarian**  
Native proficiency
- Type: C1 ● **English**  
Full professional proficiency
- Type: B2+ ● **German**  
Professional working proficiency

## PROFESSIONAL KNOWLEDGE

- **PHP**  
Kohana, Symfony, Laravel, Zend, Lithium, Wordpress  
XDebug, Doctrine2, PHPUnit, APC, Composer
- **JavaScript**  
jQuery, jQuery UI, Backbone, requireJS, AJAX, NodeJS
- **General Web Development**  
HTML5, CSS3, Sitebuild, Twitter Bootstrap, Jade, LESS, Selenium
- **Other Languages, Tools and Knowledge**  
Linux, Shell scripting, Eclipse IDE, PHPStorm IDE, Git, Phonegap, C++, OpenGL, Java EE, Hibernate,  
Project Management, Scrum, Entrepreneurship, Lean Startup, Google Analytics
- **Software Engineering Principles**  
Separation of Concerns, Modularity, Abstraction, Anticipation of Change,  
Generality, Incremental Development, Consistency
- **Fundamental Development Knowledge**  
OOP, MVC, ORM, TDD, SQL, IT Security, Design Patterns

## ORGANIZATIONS

- 2010 - ● **Member of Mensa HungarIQa**  
<http://www.mensa.org>

## INTERESTS

Reading, Travelling, Different sportarts, Photography
